CRH Know Your Supplier (KYS) | FAQs

The KYS program increases transparency within our Supply Chain and streamlines our due-diligence processes through digitalization.

Q: Is the participation mandatory? By when should the suppliers participate?

We are not placing any mandate on participation at this point. If we have invited you to join KYS its because we have significant spend with your business and value the relationship we have. The transparency KYS provides enables us to identify very specific and critical risk aspects and manage them accordingly. Without this transparency significant issues remain that will require avoidable rework for both for CRH and Suppliers.

Q: How much does the participation on the program costs?

Suppliers will subscribe into the Beroe Live platform for an annual fee of $39 for Small and medium sized businesses (Annual global revenue under $25 million) and $199 for larger businesses. The KYS program aims to assess parent vendors only, nevertheless, CRH might extend the invitation to child companies if deemed relevant.

Q: What information would I need to provide in the KYS platform?

Basic information for account creation: Name/email/job title, Company address information, CRH Supplier Code of Conduct sign-off

Q: What should I do if I have problems with the payment process /method or platform or I would like more information or have any other questions?

Please contact crhgroup.kys@beroe-inc.com

Q: What will I have visibility on after the payment?

The following key elements will be pulled and updated from publicly available sources through Business intelligence providers :

- Company profile and vendor family tree (provided by Dun & Bradstreet)
- International Sanctions Lists (provided by Dow Jones)
- Fraud, Regulatory, Corruption, Criminal Issues (provided by Dow Jones)
- Terrorism and Money Laundering (provided by Dow Jones)
- Financial Stress (provided by Dun & Bradstreet / CreditSafe)
- CRH Supplier Code of Conduct Acknowledgement

No information or additional documents will be required to be provided or uploaded into the platform.

Q: Is Beroe able to share the information provided by the supplier or its partners?

No, all the information is exclusively for CRH use and displayed only in the CRH ecosystem. Please refer to the Privacy Policy on the Terms of Use – Section 8 by visiting https://compliance.live.beroeinc.com/

Q: I'm already subscribed to EcoVadis or another sustainability program, should I still participate in the KYS program?

Yes, the KYS program covers a more specific Compliance scope in addition to Sustainability, Environmental, Social and Ethical risks.
